GUSTO'S AMAROBAR

We think that a spritz is the best way to introduce you to the world of amaro. The term amaro encompasses a broad range of bitter, herb-infused liqueurs. You can drink them straight up; mix them into a cocktail, or as we like it best, in a spritz! Having a spritz is more than drinking an orange bittersweet fizzy cocktail. It reflects the simplicity of the authentic Italian dining culture with the delight and joy that accompanies it.

Insider tip: combining your spritz with a snack (or two) is the perfect way to start your Italian dining experience.
